Frontline Processing - Mike Peterson;

I am writing this letter of recommendation for Frontline Processing. We have looked at a lot of different options and none have compared to what Frontline Processing continues to give us and the service that Mike provides. Mike has worked with us on our rates keeping things affordable and also helping us out during our non-open season. I can expect Mike to call like clockwork late April to get us anything we need to get opened. Since we are only open May thru September this is very important to us. It is one less thing to worry about in May knowing that Frontline Processing & Mike is looking after us.

Sincerely,

Scott Denniston
