

August 2, 2013

Attn: Mike

It has been with great pleasure to have Frontline Processing handle the credit cards for us. As new owners of Envy Night Club this part of our business wasn't on my mind. I contacted Stockman Bank and they referred you and all you did was for us to not to worry and Frontline Processing would handle that from there. It has been nice when we were having issues with terminals you simply set us up with newer ones and no more issues. We can always get a hold of your staff and couldn't be happier with your services.

Thanks,

Douglas L Knoche  
Owner
